

■ José M. Pastor - CMT- Universidad Politécnica de Valencia

- Other people involved from CMT: R.Novella and J.F. Winklinger.

■ ECN modeling activities at CMT

- Assessment of diesel spray CFD simulations.
 - *Standard DDM: n-heptane and spray A baseline cases.*
 - *Eulerian model (ELSA) : In progress.*
- Evaluation and development of combustion models.
 - *PSR-Direct integration with different mechs. (ECN n-heptane cases)*
 - *FPI-FGM model under development.*
